

SYNTHETIC SAMPLE, ZERO REAL PII

(Generated by scripts/make_samples.py; every detail below is fictional.)

To: Station House Officer, Cyber Crime Police Station, Ahmedabad City

Subject: Complaint regarding online payment fraud (synthetic sample)

Respected Sir or Madam,

I, Ramesh Kumar Patel, a fictional complainant residing at 14 Harmony Residency, Ahmedabad, wish to report an online fraud. On 3 June 2026 I received a call from mobile number 9876543210. The caller claimed to be a bank officer and persuaded me to confirm a one time password.

Immediately afterwards Rs. 45,000 was debited from my savings account 123456789012 held with a nationalised bank. The beneficiary shown on the transaction receipt was the UPI handle fraudster@upi. The bank's cyber cell informed me that the fraudulent session originated from the IP address 203.0.113.7.

I request that my complaint be registered and the beneficiary account be frozen at the earliest.

Yours faithfully,

Ramesh Kumar Patel (fictional complainant)

Date: 3 June 2026 (synthetic)
